02-02	<i>Nick Pandis</i> (University of Bern)	RCT methodology (1): an overview of design and methodology
02-03	<i>Nick Pandis</i> (University of Bern)	RCT methodology (2): critical appraisal of an RCT
05-04	<i>Spyros Papageorgiou</i> (University of Zürich)	SR methodology (1): an overview of design and methodology
03-05	<i>Spyros Papageorgiou</i> (University of Zürich)	SR methodology (2): how to read a SR and appraise its rigor
07-06	<i>Magali Mujagic</i> (University of Bern)	The challenges of lingual appliances
05-07	<i>Vincenzo D'Antò</i> (University of Naples Federico II)	Biomechanics of aligners
06-09	<i>Astrid Bakker</i> (ACTA Amsterdam)	Bone and why we can move teeth
04-10	<i>Jenneke Klein-Nulend</i> (ACTA Amsterdam)	Osteocytes, osteoblasts, and osteoclasts and the effect of mechanical loading
15-11	<i>Michele Mignogna</i> (University of Naples Federico II)	Oral white lesions 3rd Tuesday !
06-12	<i>Arjan Vissink</i> (University of Groningen)	Saliva, what every orthodontist should know

2. New registration system

The registration system for NEBEOP Web Academy webinars for the rest of the year 2022 has been simplified.

Nearly all program directors have provided a list of students and faculty and they have been invited to register for all webinars for 2022. If you did not get the invitation mail each student or faculty member can register only once for all webinars of the year using this recurring webinar link:

https://us06web.zoom.us/webinar/register/WN_IRsEilb1RPm6ChG74ZHbBg

3. Webinars 2023

We will continue with the webinars in 2023 and start the planning now. If you have suggestions for topics or speakers, or if you would like to contribute to a topic yourself in the A and B courses of the Erasmus program, please let us know at nebeop.webacademy@gmail.com

We are investigating different options to develop a learning platform where all relevant information and earlier webinars can be stored for future use.

4. Webinar participation 43%

About 700 NEBEOP postgraduates and teachers are now in our database. About two hundred of them follow the live webinars (29%) 😊, while another hundred watch the recordings (14%) 😊. That means that 57% of the NEBEOP postgraduates and teachers are still missing the unique opportunity to enhance their learning and teaching 😞.

We are curious to hear how the webinars are used in your program. Is the content be discussed afterwards in a group session, is a webinar be reviewed together with a teacher and then discussed, more great ideas to inspire others? Please let us know.

On behalf of the **NEBEOP Web Academy Taskforce** consisting of

Ambra Michelotti, Anne Marie Kuijpers-Jagtman, Edwin Ongkosuwito, Maria Cadenas de Llano Perula, Mette Kuijpers, Vincenzo d'Antò.

E-mail: nebeop.webacademy@gmail.com

The banner features a central blue and green gradient bar with the text "NEBEOP Web Academy for postgraduates" and "1st Tuesday each month 19:00 – 20:15hr CET". Above and below this bar are illustrations of people working at computers. The NEBEOP logo and name are in the bottom left corner, and a "webinar event" icon is in the bottom left of the blue bar.
